Choisya ternata

Short Description

Mexican Orange Blossum. Grows 1.2 to 1.5 metres height and up to approx 2m across. Deep green slightly aromatic leaves with masses of white star like flowers in spring and summer. Hardy. Full sun or semi shade.

Features

Deep green foliage, slightly aromatic foliage, masses of white blossom like flowers in spring and summer.

Product Use

A classic garden plant suitable for any garden. Can be used as a feature plant and also as a hedge 80cm to 1.2 metres high. Tough, hardy, and looks good all year round.

Choisya ternata

Cultivation Advice

Mostly plant and forget. May require a little pruning once a year if in a contained situation. Should never need watering if in reasonable soil. If planted in clay expect the plant to defoliate at the base of the plant.
